- This Newsletter amply shares the joy of learning, the enthusiasm and the talent of our little children, the achievements and activities of the year and the challenges and needs we have before us.

K.V.No.2, O.C.F Shahjahanpur is committed to education, and believes that the biggest gift that we can give to the privileged children of our society is a holistic all round development. All the students take part enthusiastically in different activities organized from time to time, which cater to their harmonious development.
